imageRUNNER ADVANCE DX C477 Series

CONNECT SECURELY, TRANSFORM DIGITALLY

INNOVATIVE SCAN TECHNOLOGY AND SMART SOFTWARE WORK HAND-IN-HAND

The future of business is digital. Canon imageRUNNER ADVANCE DX is a new generation of smart multifunction devices, designed to support and accelerate every step of your digital transformation. Built with Canon's imageRUNNER ADVANCE DNA, state-of-the-art technology and software work hand-in-hand to digitise, automate and optimise content-centric workflows.

Canon's imageRUNNER ADVANCE DX C477 Series offers smart and secure A4 colour multifunction devices with all-in-one toner cartridges to maximise productivity, minimise costs and protect documents and devices with 360° security. Innovative scanning technology digitises documents fast, in pinpoint detail, while uniFLOW Online Express (uFOE) cloud software (now as standard) offers enhanced cloud connectivity and centralised management of devices. The compact design provides flexibility and saves space, making it a suitable option for offices with high productivity needs and small footprints.

CLOUD CONNECTIVITY

- Scan and print documents from any location with enhanced cloud connectivity, offered with re-usable print formats for ease of use
- Cloud-based software-as-standard uniFLOW Online Express offers a single integrated solution to enhance device security and simplify print management
- Canon's MEAP platform optimises processes by integrating with document capture and output management solutions and various applications such as uniFLOW Online*, AirPrint, Mopria, Universal Print and Canon PRINT Business

SECURITY

- Ensure information confidentiality and security across the network with IPsec and firewall functionality
- Set up device authentication, two-factor authentication and device function restrictions for both device and cloud-based security measures
- Encrypted PDF scanning ensures document security during scanning process
- Upgrade to uniFLOW Online* for enhanced secure printing, mobile printing, and guest printing from any device

- Combination of Verify system at start up and McAfee Embedded Control Software ensures device functionality is never compromised by malware or firmware tampering

PRODUCTIVITY

- Fast, high-quality scanning at 190 ipm (A4) with expansive connectivity options
- Automated scan, store and search workflows boost efficiency and reduce human error
- Device management tools such as iWEMC provide centralised control over the device fleet and print management
- Automatic removal of blank pages when scanning minimises process times
- Reusable formats, automatic file names from barcode data, Office format conversions, and cloud and device OCR with IRIS enable easy handling and fast document processing
- Reduced downtime thanks to easy all-in-one toner cartridge replacement, enabling continuous usage
- Suitable for offices with high-productivity needs, such as governmental bodies, legal firms and real estate agencies

SUSTAINABILITY

- Edit print settings at device-level for accurate scan output
- Quiet operation and reduced paper hitting sounds during scanning is enabled thanks to technologies such as digital registration and a smooth ADF internal structure
- Automated and digitised processes minimise paper usage for a paperless office
- Reduce waste with high-quality scanning, including digital deskewing and advanced stain-resistant glass

VERSATILE DESIGN

- Options for counter-top or floor-standing placement give added flexibility
- Full security functionality without the need for an additional attachment thanks to built-in features like the IC Card Reader for user authentication
- Compact design makes it suitable for offices with small footprints

*uniFLOW Online is available as a Device Based Cloud Subscription for Document Output and Capture Management. Based on business needs, users can upgrade to uniFLOW Online to unlock a range of advanced benefits including: increased security with user authentication methods; personalised workflows to enhance productivity; reduced wastage by releasing jobs at the device; an intuitive cloud dashboard to leverage real-time data; greater control over access and usage to reduce print costs.

NOTE – Certain features are only enabled with the combination of iR ADV DX and uniFLOW Online

QUICK FACTS

- **Format:** Colour A4
- **Paper Supply Capacity (Max):** 2,090 sheets
- **Warm-up time:** 4 seconds or less
- **Finishing Capabilities:** Collate, Group, Offset*, Staple* (*only available with C477iZ)
- **Supported File Types:** PDF, EPS, TIFF, JPEG, and XPS

- **Print speed:** 47 ppm (A4)
- **Scan speed:** 190 ipm (A4)

- **Print Languages:** UFR II, PCL6, Adobe® PostScript 3™
- **Print Resolution:** 600 x 600 to 1,200 x 1,200 (equivalent)

- Enhanced cloud connectivity enables collaborative document access from anywhere, with re-usable formats for easy handling
- Accurate, high-speed scanning is facilitated by Canon's innovative new paper feeding mechanism and stain-resistant glass
- Efficient workflow automation means documents are intuitively scanned, searched and stored with applications including OneDrive, SharePoint, Concur and Dropbox
- McAfee Embedded Control software alongside with other security features offer complete peace of mind and 360° protection covering document, network and device
- Simplified print management is enabled with centrally-managed print settings and device usage analysis, provided through native uniFLOW Online Express (uFOE)
- Quiet ADF operation, low energy consumption and reduced emissions lower environmental impacts
- Easy maintenance with all-in-one toner cartridge
- Options for counter-top or floor-standing placement to fit any type of space
